

Press Release

EN.VALUE doubles the number of certified LucaNet professionals

- **EN.VALUE successfully re-certified as a LucaNet partner**
- **Freiburg consulting company now supporting company bike leasing provider JobRad**

Freiburg, 11.09.2020. EN.VALUE, a specialist consulting company based in Freiburg and professional outsourcing partner for all financial topics and issues, has been successfully re-certified as a LucaNet partner. EN.VALUE has been active as a LucaNet.Certified Partner since 2016 and successfully harnesses the financial performance management software in a wide variety of client projects to establish fast transparency in the accounts for companies, enabling monthly and annual financial statements to be prepared more quickly.

Two consultants were re-certified, and two were certified for the first time. The consultancy team is to be further expanded.

New client JobRad

The Freiburg company bike leasing provider JobRad is a recent addition to the roster of companies advised and attended to by EN.VALUE. Based on their JobRad model, this firm organizes the leasing of company bikes and company e-bikes for employers, assigning them to employees by means of a digital portal solution. As the owner of the "JobRad" brand, JobRad invented the concept of company bike leasing in Germany and ranks as the market leader in the field of company bicycle leasing. Apart from providing employees with bicycles and e-bikes, the JobRad concept also makes them available to self-employed individuals, freelancers and tradespeople.
