

Press Release

Patrick Lux now reinforcing the management of EN.VALUE

- **More than 20 years of management experience as commercial director, managing director and CFO**
- **The appointment underscores the finance expertise of specialist consulting firm**
- **EN.VALUE continues to chart growth course**

Freiburg, October 8, 2021: Patrick Lux joined the management team of Freiburg-based consultancy EN.VALUE on October 1, 2021. The graduate business economist and commercial lawyer with a proven success track record draws on many years of in-depth experience as commercial director, managing director and CFO at internationally active companies in various industries. He has joined EN.VALUE from Blackforest Medical Group, a leading global medical technology company. His appointment as co-managing director alongside EN.VALUE founder and shareholder Ulrich Kenk underlines the finance expertise of the Freiburg-headquartered company. The firm not only provides expert advice to medium-sized companies on all financial topics and processes, but also acts as an outsourcing partner.

"With Patrick Lux, we have succeeded in bringing a financial expert on board who contributes valuable experience at both the advisory and management levels. He combines an entrepreneurial perspective with finance expertise and implementation strength – which is exactly at the core of what EN.VALUE is all about," as Ulrich Kenk, Managing Partner of EN.VALUE stated. "I am very much looking forward to working with him and am convinced that together we will further accelerate EN.VALUE's growth."

Like Ulrich Kenk, Patrick Lux also commands extensive expertise as commercial director, managing director and CFO. His areas of expertise include the optimization of working capital and liquidity management as well as topics such as restructuring, change management and digitalization in the finance and non-finance sector.

Backed by his proven experience and consulting expertise, Patrick Lux will be strengthening the Finance Advisory division at EN.VALUE, which, apart from consulting on classic topics on the CFO agenda, also focuses on professional support for transactions and restructurings.

Growth driven by new customers

EN.VALUE has been able to significantly expand the company's growth in recent months with clients such as BCS Automotive, Ledlenser, Listan ("be quiet"), micromed or the Freiburg-based company Jobrad. Most recently, the finance experts acquired Advent Technologies GmbH, a subsidiary of Advent Technologies Holdings, Inc. based in Boston, USA, as a new customer. In the future, EN.VALUE will take over the accounting, payroll and monthly financial reporting for the leading supplier of high-temperature fuel cells.

The specialized finance consulting company EN.VALUE, which was awarded the TOP CONSULTANT Seal 2021 in June 2021 – thereby ranking among the best medium-sized consultants in Germany – is aiming to further expand its team of consultants and offers finance experts attractive career opportunities in a dynamically growing company.

About EN.VALUE

In recent years, EN.VALUE has established itself as an independent consulting company for SMEs throughout Germany and neighboring countries. Clients include regional and national companies, as well as internationally positioned corporations. As required, EN.VALUE takes over the complete financial and payroll accounting, the preparation of annual financial statements, monthly reports and other professional, transparent financial reports according to international accounting standards and in different languages.

Moreover, EN.VALUE draws on many years of in-depth experience in transaction support and the optimization of business processes along the value chain, as well as in ERP and business intelligence software applications. As a LucaNet.Premium Partner, EN.VALUE provides customers with comprehensive service offerings consisting of consulting, software solutions and implementation in the areas of consolidation, planning and reporting.
