

Press release

EN.VALUE reporting a dynamic start to 2024

- **Project pipeline ensures strong start to the year**
- **EN.VALUE boosts total sales by 20% in the 2023 financial year**
- **Software provider LucaNet reconfirms premium partnership with EN.VALUE**

Freiburg, 14 March 2024: EN.VALUE, the specialist consultancy for all finance topics and processes, is off to an extremely strong start to 2024 with several private equity, M&A and consolidated financial statement projects. The Freiburg-based consultancy put down the foundation for this in 2023 with the restructuring under company law and recorded corporate growth of 20% across all service lines in the past 2023 financial year. This success is also reflected in the renewed confirmation as a premium partner of LucaNet AG, the leading manufacturer of corporate performance management software.

"We are very pleased with the successful financial year 2023 and the positive start to 2024," as Ulrich Kenk, Managing Partner of EN.VALUE stated. This development confirms the successful implementation of our strategic corporate orientation in 2023. The focusing of our service lines, the expansion of our service portfolio to include Tax & Compliance and Due Diligence Services, as well as the regional expansion of our business in Switzerland are making a decisive contribution to this development."

Strong growth driven by private equity projects

Over the past years, EN.VALUE has established itself as a reliable advisor to private equity companies. EN.VALUE supports the portfolio companies in the finance onboarding of new portfolio companies, in their growth strategies and in the context of exits. In terms of projects, EN.VALUE offers private equity companies a single source solution with the finance services Accounting & Payroll, Reporting / LucaNet, CFO Excellence, FDD & TDD Support and Tax & Compliance. Drawing on its tried-and-tested consulting approaches and the management expertise of its partners, EN.VALUE supports private equity companies as a trusted advisor and sparring partner.

Renewed confirmation of the LucaNet Premium partnership

The specialized corporate performance management software LucaNet streamlines the preparation of consolidated financial statements, financial planning, reporting and data management, as well as providing the necessary transparency of figures to manage companies safely – also in challenging situations. As a LucaNet Premium Partner, EN.VALUE not only offers its customers the specialized software, but also defines their financial processes, key figures and reporting requirements in close cooperation with the client and implements highly complex customer requirements customers.

EN.VALUE expects double-digit sales growth once again for the 2024 financial year and is further expanding its team of experts in this context.

About EN.VALUE

EN.VALUE is an independent, specialized consulting company and professional outsourcing partner for all finance topics and processes. The firm's clients include regional and national companies as well as international corporations. The service portfolio comprises financial and payroll accounting, support in the preparation of annual financial statements, the preparation of monthly reports or financial reports according to international accounting standards and in various languages. EN.VALUE optimizes business processes along the value chain, advises on all topics on the CFO agenda and, as a finance specialist, accompanies corporate transactions and restructuring activities. As a LucaNet.Premium Partner EN.VALUE – by way of a subsidiary – is also offering a comprehensive service portfolio consisting of consulting, software and implementation for the areas of consolidation, planning and reporting.
